

## President's Corner

Dear Chapter members,

We had perfect weather for our Chapter Cookout that was held on Thurs. June 25. (17) members and guests attended and all had a great time.

EAA is holding an Online Convention July 21-25 with a wide variety of activities—see story and web link at right. This will be our chapter activity for July. >>>>

Our first Young Eagles of the year will be held on Saturday, August 8. Please contact Laramie Resler if you can help with this event.

For ALL chapter 2 events we are working hard to keep you safe. We are very proud our members are safe!

Larry Zepp, President

## EAA Spirit of Aviation Week— July 21—25 Online!

**Exciting News—The Convention is coming to us online this year! A full schedule of events, seminars and speakers has just been released:** <https://www.eaatogether.org/calendar>.

Choose among (8) pages (and growing fast) of speakers, workshops, events and activities you can participate in online—something for everyone!

Aviation Spirit Week will be our online chapter meeting activity for July. Registering for each forum will save your seat, send you login details and an email reminder.

I have already signed up for several.

## Young Eagles on Sat. Aug. 8—

Our first rally is scheduled for August 8. Please contact us to let us know whether or not you will be helping and in what capacity. You can text me at 260-402-3478 (be sure to include your name in case I don't have your phone number in my phone) or email at [youngeagles@eaa2.org](mailto:youngeagles@eaa2.org).

We are living in an ever changing world. And we will be doing some things differently at our Young Eagle Rallies. Below is our initial plan which is subject to change and we are still working on some of the details.

Any volunteer who will be in direct contact with our guests will need to wear a facemask. We will have hand sanitizer available for use. We will need additional people to help with the logistics of all the extra safety precautions.

Registration – parents should be strongly encouraged to register their kids on their smart phone. If parents use our computers to register, we will clean the keyboard after each use. This includes being used by an EAA volunteer. Registration volunteers will stand on the opposite side of the table from where the parents and kids are.

Ground instruction – family groups can stay together as a group but each group will need to be separated by six feet. The ground instructor will speak from the opposite side of the table from where the family groups are standing.

Seating – chairs will be set up in groups so family groups can sit together as a group but each group will need to be separated by six feet. These may need to be rearranged as needed throughout the event. Chairs will need to be cleaned after each use.

Flying – we will ask each parent if it is OK for their kids to fly with another family's kids. Pilots will wear a facemask and needs to have his own pen. Kids will wear a facemask when flying and use hand sanitizer before the flight. Each pilot should clean the hard surfaces of the plane that the kids may have touched after each flight.
